ONEWAY *FLEX* **Instructions**

Snap and load...flex and fold...stow and go!

- ≋ Align the two trays next to one another on a table.
- ≋ Locate the two attachment points on each tray (also indicated by the pc/nametag logo). Snap together.
- ≋ Load your name tags in any configuration you desire.
- ≋ Once complete, fold the trays into a cube and snap three attachment points together.
- ≋ Stow the Flex into the pop-up carrying box, and you're off to the show!
